If you are unhappy with your new glasses or contact lens prescription, you have up to thirty (30) days from the date of your examination to come in for a complimentary recheck. After the thirty day, period ends, there will be a $20 fee for any additional rechecks. If you return for any rechecks after 90 days, a new full examination will be required.***
- ***Patients have up to 90 days from the date of their initial exam to return for a contact lens evaluation. However, after the 90 day period, a new full examination will be required, as vision and ocular health can often change quickly.***
